

January 25, 2019

Greetings Maple View Families:

I hope this message finds you well. We have had a busy week with a dance and a choir concert along with finishing up the final days of first semester. Just a reminder, that this coming Monday, January 28th, is a school day. This is the make-up for the missed day from the power outage at the end of Winter Break. The day we missed was a Blue day so Monday will be a Blue day. We will then start the new semester on Tuesday with a Gold day just like a typical Tuesday. This week even with the makeup day looks like a regular week with Blue, Gold, Blue, Gold and then early-release on Friday. If you have any questions, please contact the main office.

Our students are the best – so many great BEARS Behaviors are getting noticed around campus!
The following students had their names drawn as this week's winners.

Lachlan Bailey

Christian Chambo

Vea Miller

Eva Reamer

Sawyer Wiggins

The new sports season begins on Monday for our 7th and 8th grade students. This season we offer girls' basketball and wrestling. If your student is interested in participating they should see Mr. Oliver for information.

6th grade badminton will continue on Tuesday and Thursday mornings.

As mentioned above, the first semester ends on Monday and the new semester begins Tuesday. Students will get schedules on Monday for the new semester. Most students will see a change in elective for the new semester but their core classes, for the most part, should remain the same. By contract, teachers have five work days to submit grades so we anticipate sending report cards home with students sometime during the second week of February. Report cards will also be posted on Family Access.

Please take a minute to check out what is new with PTA and how you can help. They do an amazing job of supporting our school! [PTANewsletter 12419.pdf](#)

That is about all for this week. Have a great weekend and a better week. Go Bears!

Andy
