

6th Grade Rocks

made with sparklee.com

2019-2020

The supplies listed here are general supplies to get a student started. Different teachers sometimes require specific types of supplies for their individual classrooms. To get you started with general supplies for the beginning of school please follow the following list:

1. **Folder system to keep papers:** Students will need some type of file system to keep papers for each of their classes. You do not need a 3 ring binder. We would like you to have either an expandable file folder with at least seven pockets, or a two pocket folder (like a Pee Chee folder) for each class. This is a total of seven folders. There are some teachers that may prefer that you have a two pocket folder specific to their class, in addition to an expandable file. An extra two pocket folder or two would be a good idea to have. You can always save it for next year if you don't use it this year.
2. **Paper:** Please have in a folder or a section of the expandable file a small amount of college ruled notebook paper (loose leaf) to start the school with.
3. **Notebooks:** Some teachers like to have their students use spiral notebooks, others prefer composition books, and then there are others do not have a preference. To start the year it would be best to have the following listed below.
 - 2 spiral notebooks with college rule paper
 - 2 composition notebooks (non-spiral)
 - 1 spiral notebook with graph paper – specifically for math
4. **Supply pouch or box:** to keep the following supplies in:
 - several pencils - mechanical or regular wooden pencils
 - one pencil sharpener with receptacle (personal size)
 - two pens – one blue or black and one red pen for correcting (no neon colors)
 - two black Sharpie type markers - 1 fine and 1 extra fine
 - one highlighter (any color)
 - colored pencils – box of 12
 - one roll of invisible tape (with dispenser – personal size)
 - one pair of scissors
 - Basic Scientific Calculator (recommend TI-30x)
5. **Extras:** For classroom use. Please give to your STRETCH teacher either or both:
 - Box of facial tissues
 - Bottle of hand sanitizer

There will be times when supplies may need to be replenished. We recommend checking supply status at the beginning of every term (every 10 weeks). Some students will rotate every term into new electives and those new classes may require specific supplies.
