

Good Afternoon,

We hope you had a terrific break! This is a repeat of the email information sent to families on 12/18/2020.

You will find the January calendar, information on registration for next year, info on the highly capable program **and** we are starting Homework Center this month (please check out the attached flyer).

As always, feel free to reach out to us with any questions @ 425-413-5500 or mvoffice@tahomasd.us

REGISTRATION

In January 2021, the MVMS Counseling Center will be starting 7th and 8th Grade Registration. This is the process of registering current 6th and 7th grade students for classes for the 2021-2022 school year.

- January 7th: Registration packets will be included in the student materials at supply pickup at MVMS. **Please keep this packet!**
- January 29th: In Homeroom, teachers will provide a registration lesson that instructs students on how to select and register for elective classes online via Skyward.
- January 29th (at noon) to February 5th (at 11:59 pm): Families will have this window to enter elective choices in Skyward.
- February 5th: In Homeroom, students will complete an online Google form in class to record their elective choices. This will help with accurate scheduling. It is not required for students to submit paper copy registration forms during remote learning.

More information will be provided regarding current 5th graders registering for 6th grade in February. Current 8th graders will be registering for high school courses in March.

All information about registration will be available on our school website when we start the registration process. Thank you for partnering with us in our registration process!

HIGHLY CAPABLE PROGRAM NOMINATIONS AND TESTING

Due to the current circumstances of remote learning, the Teaching and Learning department has been working on revamping our assessing protocols and timelines for highly capable testing for the 2020-2021 school year. At this time all testing will happen on-line. For our nominated students in grades K, 1, 3, 4, 5, 6, and 7, students will most likely be tested on Saturdays in small groups where they will wear masks, adhere to social distancing, and follow any other recommended safety measures at that time.

Grades 5, 6 and 7: Nominations for our highly capable ELA-SS program will occur from January 1st through the 27th. Please return these forms promptly by the 27th so we can prepare for the testing procedures. We are planning on testing students on Saturday, February 6th at 9:00am. Please access the nomination forms on the Tahoma School District highly capable website. Testing locations TBA.
