

For those 6<sup>th</sup> grade parents that chose in-person hybrid this year.

This will be the first time the majority of our six graders will step foot on the Maple View campus. **We are committed to creating a warm, inviting and welcoming experience for 6<sup>th</sup> grade students at Maple View Middle School.** With this goal in mind, we have created a staggered start to in-person hybrid learning that will have only 6<sup>th</sup> graders on campus for the first two days, March 29<sup>th</sup> and March 30<sup>th</sup>. This will allow us to focus our efforts and wrap our support around our 6<sup>th</sup> graders to ensure that this transition goes as smooth as possible. We also are committed to doing this safely-making sure we following all of the current health guidelines.

Here are some of the supports you can expect during the first week for 6<sup>th</sup> graders.

- Once your student arrives to campus either from the bus or car, we have a terrific group of 8<sup>th</sup> grade WEB student leaders and staff members that will be eagerly awaiting to welcome them to Maple View.
- WEB students and staff will also direct them to attestation stations, the correct entrance point and finally to their classroom.
- During the first day of classes, you can expect teachers to review safety protocols, how to get to next classes and how to exit the building.
- WEB student leaders will also spend time in each of the 6<sup>th</sup> grade classrooms introducing themselves, checking in with 6<sup>th</sup> graders and sharing about our Arms Locked/Hearts Full approach.
- Between classes, WEB leaders and our staff will be handing out maps and directing kids to their next class.

Lastly, on Monday, please look for an email that will have a family checklist for in-person learning, a welcome video, and important FAQ's. We also will be incorporating *preparing for hybrid* lessons during homeroom next week.

Please do not hesitate to reach out if you have any questions or concerns.
