## CLASSROOM SPOTLIGHT

### MVMS teachers continue to rise to the occasion!

At Maple View Middle School, 7<sup>th</sup> grade Social Studies classes are discussing the overarching question, ***How were cultures influenced by neighboring countries?***

It was fascinating to watch the amazing Krystal Shook and her classes today discuss opposing viewpoints in class. The energy level was high, students were passionate, but most importantly students were ***fantastic listeners***. They heard others' perspectives, gave concessions, and defended their argument with specific pieces of text evidence. MVMS students are developing critical thinking and listening skills that are needed more than ever in this ever changing, sometimes frustrating, culturally complex world.
