

The Middle Schools of Tahoma PTA

Needs You!

What is PTA?

One question we get all the time is: What is PTA and what does it do?

Here in Tahoma, our mission is to be a powerful and relevant resource for families, sharing information from the schools, district and community, and to be strong advocates for the well-being and education of all children.

We seek to do this in a variety of ways, from sponsoring student programs and events to supporting our fantastic teachers and support staff to proactively advocating for our kids in our communities, both at the local and state levels.
